section.

OHIO STATE UNIVERSITY EXTENSION

Speakers Bureau

Stark County

MASTER

GARDENER

VOLUNTEERS

A Community Service Outreach
Project Coordinated by:

THE OHIO STATE UNIVERSITY

COLLEGE OF FOOD, AGRICULTURAL,
AND ENVIRONMENTAL SCIENCES

Stark County MASTER GARDENER VOLUNTEERS

The purpose of the Speakers Bureau is to provide interesting and accurate gardening information to civic and social organizations in Stark County.

All members of the Speaker's Bureau are Master Gardener Volunteers who have developed a particular interest, specialty, or expertise on a topic. Each speaker develops the format, length and content of her or his presentation, which may be tailored to fit with the interests of the requesting organization or group.

Because these presentations are provided by volunteers, they are subject to the individual availability of the presenter.

There is no charge for presentations although donations are accepted. Gift donations support Master Gardener Volunteer activities and community horticultural projects. Speakers do not accept fees for their services.
