

Fall Walk through Secret Gardens & Winter Container Workshop

We will meet at the Miller Pavilion at Secret Arboretum for a late Fall walk through the gardens lead by the ever popular Joe Cohran. Following the walk there will be a holiday container workshop. Containers, or maybe a swag, are sure to be a hit on your porch, patio, or dining room table. It's November so dress for the weather! If the weather is horrible, Joe will move his presentation indoors.

Secret will provide us with lots of freshly cut greens. You need to bring a 12" to 16" container (indoor or outdoor type), pruners, plyers, wire, and any decorative items that you wish to include in your arrangement. Make it a Fall, Thanksgiving, Christmas, or Winter creation. You can change it up with different decorations to span the holidays. If you don't want to do a container, they will help you make a holiday swag for your mantel or door. Bring your own creativity or check out Pinterest for inspiration!
