

**Stark County MASTER GARDENER VOLUNTEERS**

# Composting & Soil Testing

Our Stark Soil & Water Conservation District “Guys in the Know” are going to explain everything we need to know about proper composting techniques. Then we will learn how to collect soil samples for testing and how to understand the labels on those fertilizer bags in order to perform accurate applications based on the soil test results.

## Anthony Lerch & Jay Jordan

Anthony Lerch works for Stark Soil and Water as an educator for storm water and conservation practices that homeowners can implement. He is an Environmental Sciences/Natural Resource Management graduate of the University of Akron.

Jay Jordan is a Natural Resources Technician with Stark Soil and Water. He graduated from Ohio State University with an Environment and Natural Resources degree.

February 11, 2020  
6:00-8 pm \*
