

Stark County MASTER GARDENER VOLUNTEERS

**TUESDAY, July 21, 2020
6:00-7:30 PM**

We cordially invite you to our July “Learn with the Master Gardener Volunteers” Program on the topic...

Tree ID & Popular Pathogens

Tree diversity is a key component in managing diseases in the home yard and landscape. The first, and most important step in diagnostics is to be able to properly identify your specimen. This session will cover how to identify trees, tools and resources you can use and the most popular pathogens of trees.

The presentation will begin at 6 p.m. The ZOOM webinar will open roughly 15 minutes prior to start time.

Registration is required for this program. You can register at the following link:
<https://go.osu.edu/mgvtreeidpoppathogens>

After registering, you will receive a confirmation email containing information about joining the webinar.

This program will be using OSU’s ZOOM application which is available for download to your media device by visiting the following link:
